§ 223.14

§ 223.13 What safety and soundness requirement applies to covered transactions?

A member bank may not engage in any covered transaction, including any transaction exempt under this regulation, unless the transaction is on terms and conditions that are consistent with safe and sound banking practices.

§ 223.14 What are the collateral requirements for a credit transaction with an affiliate?

(a) *Collateral required for extensions of credit and certain other covered transactions.* A member bank must ensure that each of its credit transactions with an affiliate is secured by the amount of collateral required by paragraph (b) of this section at the time of the transaction.

(b) *Amount of collateral required—(1) The rule.* A credit transaction described in paragraph (a) of this section must be secured by collateral having a market value equal to at least:

(i) 100 percent of the amount of the transaction, if the collateral is:

(A) Obligations of the United States or its agencies;

(B) Obligations fully guaranteed by the United States or its agencies as to principal and interest;

(C) Notes, drafts, bills of exchange, or bankers' acceptances that are eligible for rediscount or purchase by a Federal Reserve Bank; or

(D) A segregated, earmarked deposit account with the member bank that is for the sole purpose of securing credit transactions between the member bank and its affiliates and is identified as such;

(ii) 110 percent of the amount of the transaction, if the collateral is obligations of any State or political subdivision of any State;

(iii) 120 percent of the amount of the transaction, if the collateral is other debt instruments, including loans and other receivables; or

(iv) 130 percent of the amount of the transaction, if the collateral is stock, leases, or other real or personal property.

(2) *Example.* A member bank makes a \$1,000 loan to an affiliate. The affiliate posts as collateral for the loan \$500 in U.S. Treasury securities, \$480 in cor-

porate debt securities, and \$130 in real estate. The loan satisfies the collateral requirements of this section because \$500 of the loan is 100 percent secured by obligations of the United States, \$400 of the loan is 120 percent secured by debt instruments, and \$100 of the loan is 130 percent secured by real estate.

(c) *Ineligible collateral.* The following items are not eligible collateral for purposes of this section:

(1) Low-quality assets;

(2) Securities issued by any affiliate;

(3) Equity securities issued by the member bank, and debt securities issued by the member bank that represent regulatory capital of the member bank;

(4) Intangible assets (including servicing assets), unless specifically approved by the Board; and

(5) Guarantees, letters of credit, and other similar instruments.

(d) *Perfection and priority requirements for collateral—(1) Perfection.* A member bank must maintain a security interest in collateral required by this section that is perfected and enforceable under applicable law, including in the event of default resulting from bankruptcy, insolvency, liquidation, or similar circumstances.

(2) *Priority.* A member bank either must obtain a first priority security interest in collateral required by this section or must deduct from the value of collateral obtained by the member bank the lesser of:

(i) The amount of any security interest in the collateral that is senior to that of the member bank; or

(ii) The amount of any credit secured by the collateral that is senior to that of the member bank.

(3) *Example.* A member bank makes a \$2,000 loan to an affiliate. The affiliate grants the member bank a second priority security interest in a piece of real estate valued at \$3,000. Another institution that previously lent \$1,000 to the affiliate has a first priority security interest in the entire parcel of real estate. This transaction is not in compliance with the collateral requirements of this section. Due to the existence of the prior third-party lien on the real estate, the effective value of the real estate collateral for the member bank

§ 223.15

12 CFR Ch. II (1–1–11 Edition)

for purposes of this section is only \$2,000—\$600 less than the amount of real estate collateral required by this section for the transaction ($\$2,000 \times 130$ percent = \$2,600).

(e) *Replacement requirement for retired or amortized collateral.* A member bank must ensure that any required collateral that subsequently is retired or amortized is replaced with additional eligible collateral as needed to keep the percentage of the collateral value relative to the amount of the outstanding credit transaction equal to the minimum percentage required at the inception of the transaction.

(f) *Inapplicability of the collateral requirements to certain transactions.* The collateral requirements of this section do not apply to the following transactions.

(1) *Acceptances.* An acceptance that already is fully secured either by attached documents or by other property that is involved in the transaction and has an ascertainable market value.

(2) *The unused portion of certain extensions of credit.* The unused portion of an extension of credit to an affiliate as long as the member bank does not have any legal obligation to advance additional funds under the extension of credit until the affiliate provides the amount of collateral required by paragraph (b) of this section with respect to the entire used portion (including the amount of the requested advance) of the extension of credit.

(3) *Purchases of affiliate debt securities in the secondary market.* The purchase of a debt security issued by an affiliate as long as the member bank purchases the debt security from a nonaffiliate in a bona fide secondary market transaction.

§ 223.15 May a member bank purchase a low-quality asset from an affiliate?

(a) *In general.* A member bank may not purchase a low-quality asset from an affiliate unless, pursuant to an independent credit evaluation, the member bank had committed itself to purchase the asset before the time the asset was acquired by the affiliate.

(b) *Exemption for renewals of loan participations involving problem loans.* The prohibition contained in paragraph (a)

of this section does not apply to the renewal of, or extension of additional credit with respect to, a member bank's participation in a loan to a non-affiliate that was originated by an affiliate if:

(1) The loan was not a low-quality asset at the time the member bank purchased its participation;

(2) The renewal or extension of additional credit is approved, as necessary to protect the participating member bank's investment by enhancing the ultimate collection of the original indebtedness, by the board of directors of the participating member bank or, if the originating affiliate is a depository institution, by:

(i) An executive committee of the board of directors of the participating member bank; or

(ii) One or more senior management officials of the participating member bank, if:

(A) The board of directors of the member bank approves standards for the member bank's renewals or extensions of additional credit described in this paragraph (b), based on the determination set forth in paragraph (b)(2) of this section;

(B) Each renewal or extension of additional credit described in this paragraph (b) meets the standards; and

(C) The board of directors of the member bank periodically reviews renewals and extensions of additional credit described in this paragraph (b) to ensure that they meet the standards and periodically reviews the standards to ensure that they continue to meet the criterion set forth in paragraph (b)(2) of this section;

(3) The participating member bank's share of the renewal or extension of additional credit does not exceed its proportional share of the original transaction by more than 5 percent, unless the member bank obtains the prior written approval of its appropriate Federal banking agency; and

(4) The participating member bank provides its appropriate Federal banking agency with written notice of the renewal or extension of additional credit not later than 20 days after consummation.
